

Thank You

Thank You

Dear David,

This is a very special

"thank you"!

My friend's death was such a horrible blow to me & then all the stress of getting some of his things to me was even worse -

I will never forget the day you called me - the sound of your voice... so kind & caring made me realize everything was going to be ok. (skunk was ^{totally} HYSTERIC)

You did so much to get my things to me. You went ^{beyond} our "the full mile" to see all the problems were taken care of. You are such a

special person. I will NEVER forget your kindness to me. I am sure you have been told everything arrived in perfect condition.

Thank you a million times over for all you did. Most sincerely
Cruie
